We hold the Key to SUMMER COMFORT!

Once upon a time a noted manufacturer of foot form shoes advertised: "You Can't Be Happy If Your Feet Ache".

And Dresher Brothers have paraphrased that slogan into "You Can't Be Comfortable In Soiled, Unpressed, Bedraggled, Summer Garments." Dresher Brothers hold the key to your summer comfort; the key that unlocks their \$57,000 model dry cleaning plant.

Send in your White suits, dresses, waists, hats and other summer necessities; have Dresher clean them so that they reflect back the sun's rays; the whole proceeding sets you back so LITTLE that you can WELL afford to send your clothes here REGULARLY.

Toyland Grown Up Being Designed by Panama Exposition

Frederic Thompson, who a dozen years ago in partnership with the late Elmer S. Dundy, once clerk of the United States district court in Omaha, started the amusement world by building the now famous Luna Park, and later designed the wonderful New York Hippodrome, will begin a new venture at the Panama exposition at San Francisco in 1915. The new venture is what Thompson calls Toyland Grown Up.

Toyland Grown Up is not a midway or a pike. The "Frisco fair will have its midway, only it is to be called "The Zone," and the zone will contain all of the concessions dear to the amusement loving public. But Toyland Grown Up is quite a different thing. It will consist of toys of mammoth size. Toys which in the nursery were six inches high will be 200 feet high, and toys which covered but a few feet of floor space in a little nursery room will cover fourteen solid acres of land. Toys which moved about through the force of springs and clockwork in the nursery will move with the same mechanical precision only by the power of huge electric motors. Do not misunderstand that Toyland Grown Up is merely an architectural elaboration of toys in microfilm, for that is not the case. The little toys delighted little tots with their thrills, and the big toys are so constructed that they will enact those same thrills in the minds of all grown ups who enjoy an environment of healthful and youthful play.

There is the imaginative city which blows away and carries you with it on a fleecy cloud. There is the City of the Wicked King which is ruled by fire during a battle between the soldiers of the king and the soldiers of the Good Prince who rescues the fair princess. There is the Crazy Street, which turns and turns and never stops turning, and the rookery-crooked buildings and street cars, until everybody becomes so rookery-crooked that they must laugh no matter what may be their frame of mind. And there are many other interesting things—so many they cannot be counted.

Thompson is devoting two full years to Toyland Grown Up, and he is spending millions of dollars. The famous showman decided five years ago that grown ups were nothing more than elongated youngsters and that the likes and amusements of persons do not change, but only grow, and for this reason he decided to build Toyland Grown Up.

ESTES PARK FURNISHES GOOD ACCOMMODATION

Advertising Manager Cummins of the Union Pacific is enthusiastic over the excellent accommodations furnished travelers and tourists who will spend the summer at Estes Park, north and west of Denver, in the very heart of the most picturesque section of the Rockies.

"I have visited a number of summer resorts, but for the excellence of hotel

accommodations give the Estes Park. It has no peer and but few rivals in the matter of excellent hotel accommodations which charge a fair rate and give an excellent return for the charge made," he said on his return this week.

HERE'S MORE to a modern laundry than the washing of your clothes. Service—all around service—counts a lot in this business, and we are striving daily to put this laundry on the highest possible plane.

We want all your work—from bed spreads to collars—because we can do it better and cheaper than any home system possibly can.

Pretty strong claim, isn't it? But you would be glad, wouldn't you, if we could prove it to you?

Send us a bundle. Tell us whether you want all the work finished or whether some of it is to come back "rough dry."

Test this question honestly. It means so much to every household that you cannot afford to decide it without giving us a trial.
